Teach Students Robotics – We discuss the following questions

1. Why Robotics? Who takes it?

2. Why Java? If not Java, what else is there?

3. Bluej and Eclipse development environments.

4. Robotics Kit - NXT

6. Textbook

7. lejos.org – what is it?

8. What is the design of the course?

9. What difficulties one might face?

10. What additional resources are required?
