Record Group 6A, President: Stephanie Pace Marshall

Stephanie Pace Marshall was the founding president of the Illinois Mathematics and Science Academy and her papers cover the years from 1986 to 2007 inclusive. The collection in this archive only includes a small portion of the materials that relate to her time at IMSA. Those of her records that fall under the state requirement for state agencies are or will be held in Springfield, others are held by her, and some are currently held elsewhere on campus. Since there are often multiple copies of documents, articles etc. copies of the same material may be in multiple places.

The collection here is organized as follows

0. Introduction to the collection. A short narrative will briefly describe the organization and content of the named collection. Let me note here that everything is filed in chronological order with the oldest first.

    Stephanie Pace Marshall Collection

1. Biography and Photographs. All materials including print and manuscript materials about Dr. Marshall will be filed here. Only photographs of the president herself will be included, though with an occasional exception. Photographs that include others will typically be filed elsewhere. Images from an event, for instance, would be filed under that event.

2. Correspondence. The correspondence has been further subdivided into three sub-categories:
   a. External. Correspondence with parties outside the institution to and from Dr. Marshall will be included here.
   b. Internal. Typically memos or emails to and from individual members of the faculty or staff are included here.
   c. Near-print. Included here are all mass mailings to internal or external groups.

3. Manuscript Materials. This includes speeches, notes etc. that are not in print or near-print and written by Dr. Marshall.

4. Print Materials. This includes documents written by Dr. Marshall, except books or dissertations that are stored elsewhere.

    Stephanie Pace Marshall Publications

5. Board of Trustees and State Government Materials. This includes a variety of documents. [However, anything that falls under the record keeping rules for state agencies is elsewhere or also elsewhere.]

3/28/2019 ***Italicized boxes can be found in annex***
6. Budget and Personnel Materials. Again this includes a variety of documents but nothing that belongs in the H.R. or Business Office files. [See also the caveat above regarding required record keeping.]

7. Conferences and Retreats. Dr. Marshall organized retreats and participated in conferences, not all at IMSA. This material includes schedules of events, remarks made by Dr. Marshall and others, as well as materials, generally selected by her, for participants to read.

8. Miscellaneous Material. Documents that do not seem to fit the above categories are included here.
Record Group 6B, President: Glenn “Max” McGee, Ph.D.

Max McGee was IMSA’s second president from 1 July 2007 to 30 June 2013. This collection covers those years. Those of his records that fall under the state requirement for state agencies are or will be held in Springfield, and some may be held elsewhere on campus. Since there are often multiple copies of documents, copies of the same material may be held in multiple places.

Record Group 6C, President: Catherine Veal

Cathy Veal served as interim and third president beginning 1 July, 2013 and ending 15 September, 2014. (She continued her employment at IMSA until her retirement 30 June 2013.) The papers included in this collection cover a longer period than her time as interim president. At this time, not all the categories described below include documents as indicated by each description.
