to the Prideful

You prideful being
Your narcissism
Has betrayed you

Your heart
Poisoned,
Corrupt and vile

Profusely gushes
Immorality
From its evil depths

Drowning within it,
A captive
To your own destruction

Just as the sun sets
Your pride
Will consume you

The venomous pain
As it shatters your soul
Into pieces

Barely breathing,
As you wither away
Realising

There is no antidote
For your
Poison.
