- Hear from diverse stakeholder voices
The General Assembly finds that this State has an urgent and collective responsibility to achieve educational equity by ensuring that all policies, programs, and practices affirm the strengths that each and every child brings with diverse background and life experiences and by delivering the comprehensive support, programs, and educational opportunities children need to succeed.
Importance of Stakeholder Voices

We value stakeholder voices among students, parents, advocates, teachers, administrators, ISBE staff, the ISBE Board, legislators, and all other entities involved in the education process to work toward the same goal —providing equitable education opportunities for all students in Illinois.
State Educational Equity Committee

- A focus on student learning, learning conditions, and elevating educators
- Identify evidence-based practices and policies to build on the state’s progress of ensuring educational equity for all its students from birth-through-Grade 12
- Seek input and feedback on identified evidence-based practices or policies from stakeholders reflecting the diversity of Illinois students.
ISBE Strategic Plan

Goal #1: Every child will make significant academic gains

Goal #2: Provide a safe, healthy, and welcoming learning environment

Goal #3: Recruit and retain educators who reflect the student body and provide each and every child an education that meets their individual needs
The Equity Continuum

STEPS ALONG THE CONTINUUM

1. Large Gaps in Equity
2. Moderate Gaps in Equity
3. Small Gaps in Equity
4. Minimal Gaps in Equity
