

ILLINOIS MATHEMATICS AND SCIENCE ACADEMY

Opening Convocation

August 30, 1987

"A Pioneering Educational Community"

“We must dare to think ‘unthinkable’ thoughts. We must learn to explore all the options and possibilities that confront us in a complex and rapidly changing world. We must learn to welcome and not to fear the voices of dissent. We must dare to think about ‘unthinkable things’ because when things become unthinkable, thinking stops and action becomes mindless.”

— James William Fulbright
