GRADES PREK-2

Crystals

What do crystals and rock candy have in common? Observe crystals form as you make rock candy. [click HERE](#)

Bridges

Measure and build the bridge the right length for dinosaurs to cross the gap. [click HERE](#)

Organize VENN Style

Move items into groups based on their traits using Venn Diagrams. (*Yarn or string and items from around the house can be used.*) [click HERE](#)

Moths

Welcome spring!

Time to see different animals and plants, including moths.

What is a moth?

How are moths different from butterflies?

The Atlas Moth can have a wing span up to one foot! Watch a moth come out of it's cocoon.

Create and design moths. [click HERE](#)
