Scavenger Hunt Intro

Each person you find should solve/answer the problem and sign his/her name. Each square will contain a different person's name. Find a person who says...

I like to draw.	I am an only child	I play an instrument or sing.
I can and will solve: $2x + 10 = 5x - 25$	I know that this is called a _____ diagram. 	I know the missing number in the sequence. 1, 5, 12, 22, ____
I have a job.	I am good at building things.	I love pizza.
I like to cook.	I like to make videos.	I play a sport.
I have traveled to another country.	My favorite ice cream is chocolate.	I have a parent in the Air Force.
I like to play video games.	I have a brother.	I have tennis shoes on.
I can use three 9's and one subtraction sign to write an expression equal to 1. Show here:	I know a real-life example of a pentagon would be a _____	I know how to move just three dots to form an arrow that points down instead of up.
