

The Break-It Box

Ella Voyles, Derick Meents, and Alianna Barnes

Many students have pent up anger, frustration, and anxiety but lack the resources to let it out in a constructive and safe way. There are already rage rooms where you can go to break things but most students do not have access to one. The Break-It Box is a subscription box with environmentally friendly breakable items. The box includes things such as clay, fun ice molds, wooden rods, a scream jug, water balloons, bubble wrap, and more! We strive to make our box affordable and accessible to everyone while still delivering the best experience possible.
