

8th Annual

Hollister Lecture

at the Student Leadership Exchange (SLX) Event

WEDNESDAY, APRIL 28, 2021

12:30 - 1:30 PM | Virtual Keynote

LEAD culminates in the presentation of student projects, developed in elective modules, at the annual Student Leadership Exchange (SLX). SLX provides students an opportunity to present their projects and research to entrepreneurs, visiting professors, experts in their fields, IMSA faculty, state legislators, and most importantly each other. SLX functions much like an academic conference focusing on youth leadership, bringing awareness to social issues from around the world.

Connected to SLX is the long-standing tradition of the Hollister lecture, an annual lecture series sponsored by the family of one of IMSA's former faculty Dr. Bernard Hollister. The Hollister Lecture series aims to inform students about various social issues and topics in student leadership.
