Group Dynamics in Leadership

“If you want to go fast, go alone. If you want to go far, go together.”

-African Proverb

Introduction

This module focuses on informing students of the different aspects of group works such as the roles formed, what affects group performance, and how groups interact through synergy and groupthink. They will have the opportunity to work in groups and experience many of these concepts for themselves.

Objectives

1. Students will understand how groups function and think.
2. Students will understand how individual members contribute to and are affected by a group.
3. Students will see how leadership emerges within a group.
4. Students will explore what increases and decreases performance of a group.

Agenda

1. Group Roles
2. Blindfold Activity
3. Challenger Explosion
