

Positive Collaboration Scorecard

I summarized the points of discussion to keep our group on task.

I created a timeline of our group's priorities.

I appropriately presented an alternative point of view.

I lead our group in identifying criteria that ensured our task was completed successfully.

I paraphrased a peer's idea to ensure my own understanding.

I encouraged the participation of all members within my group.

I treated my group members with respect, even when I disagreed with them.
