

Title

Author

Date

1 Laboratory and Project Information

1.1 Laboratory Name

1.2 Principle Investigator

1.3 Background Information

- 2 Research Plan
- 2.1 Area of Research

- 2.2 Current Laboratory Activity

- 2.3 State of the Art

2.4 Specific Research Question

2.5 Methodology

2.6 Why is this study appropriate and timely

3 List of Competencies of Incoming Students

4 List of Skills and Competencies to be Provided

4.1 Skills/Competencies List

4.2 Training Programs

5 Research Activities

5.1 What research activities will be needed in the lab?
What skills and competencies will be required?

5.2 Which research activities will apprentices have the skills to undertake?

5.3 What specific tasks will the apprentices participate in?

6 Key Personnel

7 Safety Equipment

8 Equipment/Budget

8.1 Equipment

8.2 Budget

Where will the students publish?

Please list a minimum of three of your published works

Project reference list
